

## USDA NRCS Seeding Recommendations Butte Fire

Bromus hordeaceus (Softchess)	10%
Cucamonga brome	20%
'Berber' orchardgrass	20%
Barley	30%
Annual Ryegrass	10%
Rose Clover	10%

% of seed within mix can change but Barley should be the highest and you should not include over 20% Annual Rye grass. Make sure the barley in the mix is beardless or you might have problems with livestock eating it.

**This mix should be seeded at 25-35 lbs per acre**

**Suggested by; CeCi Dale-Cesmat California State Range Conservationist**

**Local Seed Suppliers – Haven't confirmed seed mix available or price - 10-6-15  
This list does not include all local suppliers**
